Hi Jesse,

Thanks for coming down ☺ Here's that document from the State extending the timeframe for the project to 2021. Original NOI and other info is at the link Travis sent below.

Thanks!!

Camille,

The SWPPP is large document, but can be downloaded at:

<https://smarts.waterboards.ca.gov/smarts/faces/SwPublicUserMenu.xhtml>

You can use either use our application ID: 485991, or our current WDID: 2 41C380307 to do this.

You can download all other attachments from here also that are associated with the project, but I have attached the current and valid NOI since it is small in size.

Let me know if you have any questions.

Thank you,

Travis Lutz, P.E., QSD/QSP

Hi Travis,

When it is available, please send the updated SWPPP and documentation of active coverage under the State General Construction Permit, which is required prior to start of any work.

Thanks

Likewise Noel. Glad to be on-board! Let me know when you want to schedule the training of staff to handle the day to day paperwork that is required. This is a Risk Level 2 project which has some additional requirements compared to the last one we worked on.

Thank you,

Hi Travis,

Please find attached your executed agreement for QSP for the Highland estates project.

I look forward to working with you on this project.

Thanks,

Noel
