

**One county.
One future.**

What to do with your Retirement Plan Accounts

We understand you are leaving the County either because of retirement or because your service is ending with the County for any other reason.

We want to provide additional resources and education about your County Deferred Compensation Retirement Plan.

The County's Empower Representative is available to meet with you to discuss all your options and we encourage you to set up an appointment to understand:

- The benefits of long-term saving and investing, and on the cumulative impact of even small distributions from retirement accounts
- The tax and penalty consequences associated with hardship distributions, defaulted loans, and distributions before age 59½
- The cumulative impact of distributions from retirement accounts.
- The option and benefits of keeping your retirement plans with Empower, including lower fees.

Understand your options. We encourage you to set up an appointment to meet with your Empower Representative.

Contact your Empower Representative for an appointment or drop-in availability.

Vinh Do, Primary Retirement Plan Advisor
Mobile: 669-312-1527
Email: vinh.do@empower.com

Arturo Mendez Vega, Retirement Plan Advisor
Mobile: 559-967-2280
Email: arturo.mendezvega@empower.com

[Schedule a virtual or phone appointment](#)

You can also reserve your spot for an upcoming Retiree/Terminated employee Seminar.

With your smartphone camera, use the QR code to the left and reserve your seat for an upcoming seminar about your options.

Tools and resources
