

BUSINESS OPPORTUNITY
Design and Construction Management Services for Public Works Project
COUNTY OF SAN MATEO

The San Mateo County Department of Public Works' Engineering and Construction Section is inviting interested and qualified consultants to submit proposals for design and construction management services for the Mirada Road Pedestrian Bridge Replacement and Bank Stabilization Projects at Arroyo de en Medio Creek in the Unincorporated Miramar Area of San Mateo County. County Project Nos. RW806 and RW704.

The consultants shall provide services to include, but not be limited to: evaluation of design options based on County-provided information, civil engineering design, project management (including project coordination with bank stabilization subcontractor, the County's Environmental team and their environmental consultant (Denise Duffy and Associated), the City of Half Moon Bay, and utility agencies); and optional tasks that may include public outreach, grant application, hydraulic analysis and, on an as-needed basis, construction support (including review of submittals and schedules, responding to contractor RFIs, claims analysis, cost control, oversight for the project's required material testing), and other various professional services.

The Request for Proposals has been posted on the Public Purchase Website at: <https://www.publicpurchase.com/>; the Bid Number: RFP #DPW-RW806 - Mirada Road Pedestrian Bridge Replacement and Bank Stabilization Project.

Related questions should be directed to Eric Chen or Wency Ng at the San Mateo County Department of Public Works, Engineering Section at (650) 363-4100 or at DPW_engineering@smcgov.org. **If your firm is interested and qualified to perform the requested services, please submit one (1) original, three (3) copies, and one (1) PDF copy on a CD, of your proposal by no later than 5:00 PM on August 10, 2018.**
