Camille Bob and I spoke about trimming, balancing and taking special care of this tree and the adjacent ones also. We will be working together.

Hi Bob,

Per our conversation, please see what you can do to avoid further impacts to the tree on Lot 10. Work with Ralph O. to see what can be done to save the tree (e.g., more access to sunlight).

Thanks

Hi Ralph,

What is the tree size? What is the reason for its poor condition? Please add this to the letter for review by the County Arborist.

The tree may not be removed until we determine whether a Tree Permit is needed (if 12" in diameter or greater) and the permit is obtained.

Thanks
