Re meeting 10/14, item #2 for Jen Rangle, 600 El Granada Blvd, El Granada 94018:

I am unable to attend the meeting, even by zoom, as it conflicts with a pre-existing physical therapy appointment (which is difficult to reschedule).

I am the immediate neighbor, barbara norman at 594 El Granada Blvd. My north facing walls have 7 windows that look onto the property at 600 EG Blvd. I can honestly say that we have no issues with the home as it exists today. The workmanship on the home is professional and well constructed and tidy. The aesthetics are attractive, and fit well in the neighborhood.

The proposed changes, in my opinion, are unnecessary and there is no need to alter the existing design.
